Subject: Farwest Water & Sewer

0000144078

To: AZCC Chairman and Commissioners

Subject: Farwest Utilities

Just an item of interest. January of this year I noticed dirt work (grading) taking place at Las Barrancas home development site north of the Barrancas golf course. Development of this area started approx. four (4) or five (5) years ago and was halted due to the sewage capacity problem. A lot has been sold and a home is being built. It appears lots are being sold and developed prior to anything with Farwest having been resolved.

Evidently, Farwest Water & Sewer and H&S Developers were pre-anticipating a sewer rate increase go ahead from the AZCC.
