Re: North County Communications Corporation (T-03335A); Advice Letter 4  
Revisions to Competitive Local Carrier Tariff (1-T and 2-T)

To Whom It May Concern:

Pursuant to A.R.S. §§ 40-365, 40-367 and A.C.C. R14-2-1109, the undersigned submits on behalf of North County Communications Corporation ("NCC"), a CLEC granted a CC&N by the Arizona Corporation Commission ("Commission") in Docket T-03335A-97-0119, Decision No. 62128, an original and 13 copies of revised sheets to its Competitive Local Carrier tariff (1-T and 2-T), which was originally approved by the Commission with an effective date of March 28, 2001.

NCC last revised its tariff with Advice Letter 3 dated February 7, 2011. Those changes became effective on March 10, 2011. The changes in the instant filing are textual changes and rate reductions.

Revisions to the NCC Competitive Local Carrier tariff are as follows:

<u>Tariff</u>	<u>Revised Sheet(s)</u>	<u>Description of Change</u>
Ariz. Local Tariff No. 1-T	Third Revised Sheet No. i	Text change noting revision
Ariz. Local Tariff No. 1-T	Second Revised Sheet No. ii	Text change noting revision
Ariz. Local Tariff No. 1-T	Second Revised Sheet No. 2	Text change and rate reduction
Ariz. Local Tariff No. 2-T	Second Revised Sheet No. 1	Text change regarding a definition

NCC respectfully requests that these revisions, which have an issued date of April 3, 2013, become effective on May 3, 2013. If you have any questions or comments, please do not hesitate to contact me.

Respectfully submitted,

R. Dale Dixon, Jr.  
Attorney for North County  
Communications

RATES AND CHARGES

INTERCARRIER ARRANGEMENTS

II. Switched Access Service

A. Switched Access Service is available to interexchange carriers for originating or terminating intrastate interexchange calls to Customers over local exchange lines furnished by the Company. Except as to the rates specified herein, the Company concurs in, and Switched Access Service is provided pursuant to, the current and effective intrastate switched access service tariff schedules of the incumbent local exchange carriers in whose territory service is provided. Reference is hereby made to those schedules for all conditions applicable to intrastate switched access services provided by the Company. Use of the Company's Switched Access Service constitutes agreement to abide by such terms and conditions and to pay the Company's charges therefor.

B. Company provides exchange access Services contained in this Tariff under a Multiple Bill-Multiple Tariff method, as set forth in the Alliance for Telecommunications Industry Solutions Inc. Ordering and Billing Forum Multiple Exchange Access Billing document, **ATIS/OBF-MECAB-08**, Issue 8 dated January 2003. This method allows one provider to bill for other providers within the Multiple Bill option when there are two or more companies providing the Service. The number of bills rendered is less than the total number of companies providing the Service. Each provider's Tariff or contract rates are applied and displayed separately for each company's portion of the service provided.

C. Rates & Rate Element

Composite Local Switching	<u>Current Charge</u>
Direct and tandem access (per access minute)	\$0.040742

D. Identified Toll VoIP Traffic

The Company's charges for Access Services used to complete Toll VoIP traffic (*i.e.*, traffic originated, terminated, or both, in Internet Protocol where the Customer and the other party are located in different exchange areas, as determined by the locations of the rate centers associated with the called and calling parties' respective telephone numbers) will be assessed at the rate specified below, provided VoIP carrier first notifies the Company of the percentage of the carrier's traffic that is Toll VoIP traffic and furnishes the Company with support for such percentage with traffic studies or other reasonable analyses that are subject to audit. The Company's charges for Access Services furnished with respect to all other traffic, including, without limitation, Toll VoIP traffic beyond the supported percentage specified in the carrier's notice, shall, for purposes of the Company's application of its charges for Switched Access, conclusively be deemed traffic other than identified Toll VoIP.
