Re: **Water pumped and sold**

Cerbat Water Company was ordered to provide 12 consecutive months of water data within 15 months of the effective date of this decision. That information is available on the next page.

We are actively changing out meters both to improve water loss and to save labor by making all of them electronic reading. This process should be completed in the next month or so. We expect that this will significantly reduce the water loss.

Please contact me if you have any questions.

Respectfully,

Michelle Monzillo
