We are opposed to granting an inflationary increase to Global Water so they can achieve a higher rate of return. The proposed increase is outrageously in excess of that which our economic times can handle. Many of us are retired and living on fixed incomes that don't even come close to increases that match the percentage of increase Global is requesting. Let Global live with the 2% increase that we received in our cost of living increase for Govt. retirements this year.

No more!
