 POLICY ACT OF 1992

DOCKET NO. E-00000C-11-0328

**APS COMMENTS TO STAFF
 PROPOSED METER GUIDELINE
 NUMBER 8**

17 Meter Guideline No. 8 currently states: "The utility shall allow customers to
 18 request, and have installed, meters that do not transmit data wirelessly. For those
 19 customers that request to have a meter that is not capable of transmitting data wirelessly
 20 and where the utility is using only meters that transmit data wirelessly, the utility may
 21 propose a tariff, for Arizona Corporation Commission consideration, that would recover
 22 appropriate costs from such a customer."

23 APS proposes that the second sentence of Guideline No. 8 be reworded as
 24 follows to reflect that a utility currently may in certain limited instances employ meters
 25 that do not transmit wirelessly: "For those customers that request to have a meter that is
 26 not capable of transmitting data wirelessly and where the utility is primarily using ~~only~~
 27 meters that transmit data wirelessly, the utility may propose a tariff"
