RE: Tucson Electric Power Company's Application for the Establishment of Just and Reasonable Rates and Charges Designed to Realize a Reasonable Rate of Return on the Fair Value of its Operations Throughout the State of Arizona, Docket E-01933A-12-0291

Dear Chairman Stump and Commissioners:

We are writing to urge the Commission to hold the Open Meeting for the TEP Rate Case in Tucson.

Since the actions taken at this meeting will have long lasting and far-reaching effects on our community, we feel strongly that the Tucson community have the opportunity to be heard. Considering that these may be the most important energy decisions impacting Tucson, and considering the fact that going to Phoenix is challenging for Tucson customers, we strongly urge that you hold the open meeting for the TEP rate case in Tucson.

Sincerely,
Green Economy Team Members
