Re: Notice of Filing – UNS Gas, Inc.'s 2014 Gas Energy Efficiency Plan  
Docket No. G-04204A-11-0149

The Gas Energy Efficiency Standards set forth in the Arizona Administrative Code ("A.A.C."), Section R14-2-2505.A, require UNS Gas, Inc. ("UNS Gas" or "Company") to submit on June 1 of each odd year, or annually at the election of the utility, an Implementation Plan describing how the Affected Utility intends to meet the energy efficiency standard for the next one or two calendar years, as applicable. On April 4, 2011, in Docket No. E-04204A-11-0149, UNS Gas filed its 2011 – 2012 Gas Energy Efficiency ("GEE") Implementation Plan ("Plan"), which included a DSMS Rider R-2. On September 6, 2011, UNS Gas filed updated information applicable to its EE Plan and on April 17, 2012, UNS Gas filed an amendment to its original application for its EE Plan to include approval for the 2013 GEE Plan. In the April 17 amendment, the Company did not propose any changes to the proposed EE Plan programs, budgets, or DSMS as previously filed in this docket. UNS Gas did request that the Commission waive the requirement for the Company to file a separate 2013 Plan and requested a modification of its previous request for a waiver of the GEE Standard ("GEES") to incorporate a new table outlining the GEES levels the Company believes it can obtain.

UNS Gas does not have any new programs or measures, nor does it have any requests to modify any programs or measures to be included in a 2014 GEE Plan. Therefore, the Company respectfully requests that the Commission extend the pending 2011 – 2013 GEE Plan to cover 2014 as well, and approve the 2011 – 2013 as filed in the above-referenced docket. UNS Gas also requests a waiver of the 2011 – 2014 GEES in accordance with A.A.C. R14-2-2504.B. UNS Gas considers this filing, as well as the pending 2011 – 2013 GEE Plan, to fulfill the requirements set forth in A.A.C. R14-2-2505.A
