RE: **STAFF REPORT - IN THE MATTER OF THE APPLICATION OF DAIRYLAND WATER COOPERATIVE TO CANCEL THEIR CERTIFICATE OF CONVENIENCE AND NECESSITY. (DOCKET NO. W-01984A-10-0152)**

Arizona Corporation Commission

DOCKETED

JUN 03 2013

DOCKETED BY

On April 21, 2010, Dairyland Water Cooperative (“Applicant” or “Dairyland”) filed an application to cancel its Certificate of Convenience and Necessity (“CC&N”). The Applicant, Mr. William J. Rezzonico, stated that he is no longer operating a water company and he stated that he does not want a hearing to cancel this CC&N.

Dairyland Water Cooperative received a CC&N in 1966 when the Commission issued Decision No. 38420 but has been out of service with no customers for over 20 years. Hence there are no customers and no customer deposits involved. Staff completed a field inspection and determined that the Applicant no longer serves this area and that the Town of Gilbert (“Town”) is serving this territory. Staff has also contacted the Town who indicated that this area is provided service by the Town.

Arizona Department of Environmental Quality and Maricopa County Environmental Services Department (“MCESD”) no longer regulate the Dairyland water system. On September 16, 2005, MCESD issued Notification of Deactivation (“Notification”) of Dairyland’s water system (“Public Water System No. 07-024”). Documents attached to the Notification advised that as of June 30, 2005, the Dairyland water system was no longer operating as a public water system because the Company’s customers had been connected to the Town’s water system. Old Commission Annual Reports filed by Dairyland indicate that the Town’s water system began serving customers in the Company’s certificated area sometime in 2005.

Staff recommends approval of the request to cancel the Applicant’s CC&N.
