RE: Docket Number E-01933A-12-0291

Commissioner Stump and Commissioners,

I'm a small business owner, I live and work inside the Tucson Electric Power distribution sector, and I urge you to advance the energy efficiency standard as part of the TEP rate case.

Energy efficiency is a great investment. Small improvements today can lead to huge savings in the long term. I've invested a lot in my community, and I hope to see TEP and the ACC make a similar investment by committing to energy efficiency.

Thank you so much for considering support of this energy efficiency plan.

Sincerely,

Marlin Gregor
