INSERT new findings of fact:

102. We support energy efficiency but we think the process could and should be improved. We are not convinced that the current method of cost-effective analysis is the best way to ensure that ratepayer money is being invested in a prudent manner. We think there should be further discussion, outside of this implementation plan, to more fully explore the various options that could better analyze cost efficiency. We look forward to the opportunity to make sure that energy efficiency programs are truly cost effective.

103. As stated earlier, Staff's analysis estimates that Trico will only reach 0.693% of prior year retail energy sales by the end of 2014, if all proposed programs are approved, even though the Energy efficiency standard calls for 5.44%. In fact, Trico has not been able to achieve the EE Standard targets, each year, which led Staff to propose a waiver from the GEES Standards. Even the most ambitious implementation plans cannot reach the EE Standards. Therefore, we do not think it is in the public interest to approve a budget that keeps some existing programs, implements new programs and makes changes to existing programs. We feel that this is one of many reasons why the entire EE process needs to be reviewed and possibly reformed. Consequently, we do not think it is in the public interest to approve a budget that implements new programs and most changes to current programs, at this time.

104. Accordingly, we decline to approve any programs beyond 2013 so that the company need not spend money nor prepare for any 2014 programs while we review and possibly revise the EE process.

105. We decline to approve the Residential Lighting Program and Commercial Lighting Program (the combined CFL Program). We decline to approve the Refrigerator/Freezer Recycling Program. We decline to approve the Heat Pump/ HVAC Rebate Program. We decline to approve the window shade screens measure for the Efficient Products Program. We approve a \$30,000 budget for the Pima County Weatherization Program, for 2013 only. We approve a \$22,075 budget for the Cool Shade Program, for 2013 only. We decline to approve the Classroom Connections Program. We decline to approve the Commercial Lighting Retro-Fit Rebate Program.

THIS AMENDMENT:		
_____ Passed _____	Passed as amended by _____	
_____ Failed _____	Not Offered _____	_____ Withdrawn _____
