WATER/

I understand that George Johnson of Johnson Utilities is seeking a utility rate increase in order to pay his taxes. As a customer of Johnson Utilities, I strongly oppose his request. Our current rates provide us with constantly low water pressure, an extra usage fee for every single home every single month that does not pay for our use, and most importantly, do not have security in the cleanliness of our water.

George Johnson is a farmer who happened to be in the right place at the right time to sell his land and profit tremendously. This does not make him an expert by any means owning a corporation. As a customer, I feel this has become a monopoly as we have no other choices and do not get prompt and honest responses from Johnson Utilities regarding water issues. He has dabbled in a business that is beyond his scope to manage financially, as we are being asked to carry the burden of his taxes. More importantly though, beyond his ability to maintain and provide a clean water source to thousands of homes in the San Tan Valley.
