As a family of four, we are against any increases in utilities.

The cost of living has increased significantly and will have an extremely negative impact on our family. We moved to Maricopa for the low prices on houses, yet the utilities continue to rise and affect our family. Food, electricity and other necessities are having to be cut down because of all of the other costs, and if the increase goes on we have to start looking at other locations to live.

Please consider that Maricopa is full of families with young children and it is important that we create a great environment for our growing community.
