Please no more rate increases.

raw sewage in the street, unsafe drinking water, smelly air and unresponsiveness, contaminated water...
contamiated ponds full of waste... ecoli..blue babies... inconsistent usage... insufficient horsepower in sewage
pumps. Defiance... other lawbreaking and settlements for same, via the news sources. Are those the qualities
and characteristics of a water/sewer provider that the State is telling us to put our trust in... someone
responsible for our health and ..safety? Please do your jobs and come out here and clean up this company.
When you fine Johnson Utilities then they pass that fine on to us the consumers and we can not afford another
rate increase. Please make them decrease their rates!!!!

Thank you
