Re: APS Account Number [REDACTED]

This is a follow up letter after talking to Carolyn @ APS, at 3:38 pm on June 11, 2013. Carolyn said she placed a memo in my account, stating I wanted to **Opt Out of APS Smart Meters** installation. This call to APS was in reference to a letter I received, dated June 6th, 2013. Certified letter sent to APS and I have also placed a note on my meter @ [REDACTED] Hereford, AZ. 85615.

I have several concerns, a few listed below.

Smart Meters face radiation and fire hazard issues while failing to properly monitor electrical usage, "depending on the proximity to the meter, smart meters expose persons in the home to full body radiation exposures 50-450 times greater radiation the cell phones."

Smart meters increase Dirty Electricity, a potent carcinogen, radio frequency the meters emit causes insomnia, headaches and a host of other health issues.

Plus the rate increase.

Again, **NO SMART METER INSTALLATION**
