Recently I received along with my bill from Southwest Gas Corporation a small notice of some regulatory application. Specifically it was titled:
PUBLIC NOTICE OF APPLICATION OF SOUTHWEST GAS CORPORATION FOR AN ENERGY EFFICIENCY AND RENEWABLE ENERGY RESOURCE TICHNOLOGY PORTFOLIO IMPLEMENTATION PLAN DOCKET NO. G-01551A-13-01790. The notice went on to say that the plan was designed in accordance with: the GAS UTILITY ENERGY EFFICIENCY STANDARDS("STANDARDS") SET FORTH IN SECTIONS R14-2-2501 THROUGH R14-2-2420 OF THE ARIZONA ADMINISTRATIVE CODE(A.A.C.)

Honestly this is how shoddily the public is dealt with. No explanation of what it's really all about. Keep it simple, keep it vague, go through the motions of complying with the law and regulations. I would strongly urge you to reject Southwest Gas Corporation's application until they more adequately explain what they're applying for.

Sincerely,
William J. Zufelt
