OPPOSE

6/20/13

I purchased a solar power last year with an incentive Renewable Energy Credit Purchase Agreement between Unisource Energy Services, an Arizona corporation and myself, Richard Basinger, dated 3/20/13. I expect to receive credits as outlined per this Agreement. Part of the reason for obtaining the system was to not only reduce the utility bills, but to receive credits from Unisource to help pay for the costs of the initial investment of the system which was expensive, being in the amount of \$113,300.00. To take away any credit from the consumer would be wrong based on the initial agreement and understanding at the time of the purchase. I would greatly appreciate the commission's consideration of the consumer and keep the integrity of the commission as promised at the time of the Agreement. Thank you. Richard Basinger
