Re: Docket No. WS-02987A-08-0180

Dear Chairman Stump and Members of the Commission:

Squire Sanders represents Johnson Utilities ("JU") on environmental matters pertaining to JU's San Tan Valley water system. We have been working with the Arizona Department of Environmental Quality ("ADEQ") on compliance matters relating to the system.

Earlier this year, ADEQ advised JU that the agency had closed NOV No. 133837 (dated October 12, 2012) and NOV No. 134234 (dated November 29, 2012). By correspondence dated April 8 and April 15, 2013, ADEQ stated that JU had met all the Documenting Compliance conditions of NOV No. 133837. By correspondence dated March 11, 2013, ADEQ stated that JU had met all the Documenting Compliance conditions of NOV No. 134234.

There are three recent NOVs that we have discussed with ADEQ, but which remain open: NOV Nos. 149548 and 140757 (both dated May 20, 2013) and NOV No. 141428 (dated June 17, 2013). Johnson has submitted information to ADEQ documenting the company's compliance with the conditions of these NOVs, and we working with ADEQ to resolve them.

Sincerely,

  
Stephen A. Owens
