RE: **REQUEST FOR AN ORDER NUNC PRO TUNC** TRICO ELECTRIC COOPERATIVE, INC. - APPLICATION FOR APPROVAL OF ITS 2013-2014 ELECTRIC ENERGY EFFICIENCY IMPLEMENTAION PLAN (DOCKET NO. E-01461A-11-0230)

On June 27, 2013, the Arizona Corporation Commission ("Commission") issued Decision No. 73929 regarding Trico Electric Cooperative Inc.'s ("Trico") 2013-2014 Electric Energy Efficiency Implementation Plan ("EE Plan"). The proposed order underlying Decision No. 73929 was originally scheduled to be heard at the April 9, 2013 Open Meeting. As a result, the proposed order contemplated an effective date for the Demand-Side Management ("DSM") Surcharge in May of 2013. However, the matter was continued to the June 11, 2013 Open Meeting. In reviewing the Decision, Trico found that the Decision did not update the effective date for the DSM Surcharge to reflect when the matter was heard and voted on, although arguably the date was simply a conforming change.

On July 9, 2013, Trico filed a request for an Order *Nunc Pro Tunc* to change the effective date of the DSM Surcharge to September 1, 2013. Staff does not object to changing the effective date.
