Nature of Complaint:

Consumer left a voicemail stating that she rejects APS' request for a tax on solar. She has been a resident of Scottsdale since 1989 and has seen the temperatures rise every year especially in July and August. There is no reason why there shouldn't be solar on every building in Arizona.

Nature of Complaint:

Caller left a voicemail stating that she is oppose to any rate increase pertaining to Solar. She had her solar system installed on her home in 2008. She believes that solar is the way of the futer and there are a lot of people depending on solar jobs. APS is incorrect in asking for a rate increase for solar. She understands that she will be grandfathered in for 20 years. An increase will harm the solar projects.
