DOCKETED BY *nr*

Dear Arizona Corporation Commissioners,

Please seriously review my attached comments on the Arizona Power Grid proposal. In short, I demand the right to severely limit my exposure to wireless radio waves, particularly as they amass in large public buildings such as City Hall, and I do not desire to pay extra to a for-profit company to prevent them from harming me. (Protection money?) If you care to reply to me, as a citizen of the State of Arizona I would appreciate hearing your remarks.

On a further note, I found it quite difficult to get my comments into your form and save it in a way that the comments were not stripped out. Considering it might be an artifact of my own computer, I've checked with others who have remarked about how challenging your online commenting process is. Ultimately, I used two additional pieces of software to process what you offered in a way that I can return it to you in its entirety.

Best,

Lin
