I have resided in Fletcher Heights for more than 10 years. My mother and father also have lived in Fletcher Heights for more than 10 years.
We are completely satisfied with our service from New River Utility.
I have surveyed my friends water rates. I have discovered New River Utility's rates to be much lower than other water suppliers in our area.
I have seen over head and the expense of running a business on Arizona steadily increase. I feel a rate increase by my water supplier would be reasonable, and expected.
Please call me should you have any questions.
