Re: Notice of Errata to Compliance Filing – Tucson Electric Power Company
Decision No. 73912, Docket No. E-01933A-12-0291

On July 2, 2013, in compliance with Decision No. 73912 (June 27, 2013) (“Decision”), Tucson Electric Power Company (“TEP”) filed its Schedule of Rates and Charges, Rules and Regulations (“Rules”), and Plans of Administration, which were also posted on the TEP website on July 1, 2013. In that filing, references to the TEP Statement of Charges listed in Section 3.E.2 – 5 and 7 were incorrectly conformed to the Decision. Please replace the filed page 903-5 of the Rules with the enclosed corrected page.

If you have any questions regarding the revised Rules, please contact me at (520) 884-3680.

Sincerely,

Jessica Bryne

SECTION 3
ESTABLISHMENT OF SERVICE
(continued)

E. Service Establishment, Reestablishment and Reconnection Charge

1. The Company will make a charge, as approved by the Commission for service transfer for meter reads only set forth as Fee No. 1 in the TEP Statement of Charges.
2. The Company will make a charge, as approved by the Commission for service establishment or reestablishment other than service reads under usual operating procedures, for single-phase service only during regular business hours set forth as Fee No. 4 in the TEP Statement of Charges.
3. Should single-phase service be established or reestablished during a period other than regular working hours at the Customer's request, the Customer will be required to pay an after-hours charge for the service connection set forth as Fee No. 5 in the TEP Statement of Charges. Where Company scheduling will not permit service establishment on the same day as requested, the Customer may elect to pay the after-hours charge for establishment that day or his/her service will be established on the next available business day set forth as Fee No. 8 in the TEP Statement of Charges. Even so, a Customer's request to have the Company establish service after-hours is subject to the Company having Staff available; there is no guarantee that the Company will have the staffing available for service establishment, reestablishment or reconnection outside of regular business hours.
4. The Company will make a charge, as approved by the Commission for service establishment or reestablishment other than service reads under usual operating procedures, for three-phase service only, during regular business hours set forth as Fee No. 6 in the TEP Statement of Charges.
5. Should three-phase service be established or reestablished during a period other than regular working hours at the Customer's request, the Customer will be required to pay an after-hours charge for the service connection set forth as Fee No. 7 in the TEP Statement of Charges. Where Company scheduling will not permit service establishment on the same day as requested, the Customer may elect to pay the after-hours charge for establishment that day or his/her service will be established on the next available business day. Even so, a Customer's request to have the Company establish service after-hours is subject to the Company having Staff available; there is no guarantee that the Company will have the staffing available for service establishment, reestablishment or reconnection outside of regular business hours.
6. For the purpose of this rule, the definition of service establishment is where the Applicant's facilities are ready and acceptable to the Company, the Applicant has obtained all required permits and/or inspections indicating that the Applicant's facilities comply with local construction safety and governmental standards and regulations, and the Company needs only to install a meter, read a meter, or turn the service on.
7. Reconnection Charge: Whenever the Company has discontinued service under its usual operating procedures because of any default by the Customer as provided herein, a reconnection charge not to exceed one of the charges for the reestablishment of service set forth as Fee Nos. 4-7 in the TEP Statement of Charges will be made and may be collected by the Company before service is restored. When, due to the behavior of the Customer, it has been necessary to discontinue service utilizing other than usual operating procedures, the Company will be entitled to charge and collect, through verifiable means, actual costs to restore service as set forth in the TEP Statement of Charges.
