RE: Arizona Public Service Company
Docket No. E-01345A-13-0248

Dear Mr. Rive:

It has come to my attention that one of your employees sent an e-mail to your customers suggesting Arizona Corporation Commissioners broke open meeting laws by meeting with Arizona Public Service regarding its new avoided cost rate.

We have received a number of e-mails to this effect.

Please see to it that your employees do not misrepresent the facts about Commissioners' integrity and Commission processes. The Commission is spending its resources responding to scores of e-mails accusing Commissioners of violating the law and of negotiating "back room deals." All of these messages derive from an e-mail sent by a Solar City employee.

It is unfortunate that Commissioners did not receive prior notice from your company regarding this matter. Also, to the best of my knowledge, no retraction has been issued.

Thank you for your attention to this issue and your response, which will be docketed.

Sincerely yours,

Bob Stump
Chairman
