Re: Net Metering

Please update your net metering policy. Stop forcing utilities to pay unfair prices for excess electricity generated by solar. I do not want to continue to pay higher prices because I can't afford the upfront costs of a solar system. It is wrong for the utility companies to pass that cost on to me because someone else chooses solar.

Please use this letter as a complaint against the Arizona Corporation Commission's lack of updating the net metering policy.

Thank you,  
Cheryl A. Christman
