Nature of Complaint:

\*\*\*DOCKET NO. E-01345A-13-0248\*\*\*  
OPPOSE

I am contacting you regardig the above Docket Number. I am asking that you DO NOT give the big monopoly company, APS, more power and money from our pockets. We answered the call to help preserve our respouces by putting up Solar Panels. In addition, we were promised lower utility bills. Since we are retired and on a fixed income, and since that income was being stretched beyound limits, especially by APS among other large companies we have to deal with lowering at least one bill and also helping to preserve our resources in Arizona, the idea really apealed to us. Now, we face losing any advantage we obtained in going Solar to the money grabbing big monopoly, APS. If we generate electricity in excess of what we need, then it is our right to be compensated for any that goes to APS as was promised to us. Please do not punish us for our patriotic response to the call for help to preserve our resources in Arizona. We ask that you give serious thought to the implications to all of us who thought it was the right thing to do and in the process of doing it, we would have lower bills. Thank you.
