Nature of Complaint:

***** E-01345A-13-0248 *****

Customer sent the following -

Subject: APS Filings

I just had to put my two cents in on APS filing for charging customers \$50.00-\$100.00 for solar panels and stating that customers are using more APS power grid because of solar panels.

Really, they are selling the power from the solar panels to other customers and they are making money, they are gouging the customers for more money.

After all, electricity is a competitive business.

We should have had solar 60 years ago, instead of this corporate conglomerates.

Thank you for listening.
