Dear Mr. Stump

Please give MEC customers a break...We were promised (before the last increase) that costs would go down if cheaper power could be found...either allow that or prosecute MEC for misleading us.

We are a co-op and deserve better from you and them...

It might take some work now or later on your part...But isn't that why you were elected to this board? MEC is also a elected board and they are trying...

Please consider again your ruling...

Thank you,

Julie and Bill Booth
