ELECTRIC

To the Arizona Corporations Commission:

I have recently been hearing about proposed changes to the rules applying to solar systems in Arizona. I have learned that APS wants to charge more for the energy produced by these systems. I think this would be a major mistake. We should be encouraging more and more solar use in Arizona (of all places!) and I fear that this will discourage people from installing solar. I know higher cost is already a concern for my family and if it were to increase further, this would definitely be a deterrent. Please do not allow these proposed increases to go through.

Thank you for your consideration of this matter.

Sincerely yours,  
Fred Hamilton

Sedona. AZ 86351
