Subject: Docket No. W-02069A-08-0406

To Whom It May Concern,

We have lived in this neighborhood for 28 years. We are now retired. Private water is expensive. Every day, rates are going up for EVERYTHING. We live on a fixed income, we pay our bills diligently, but I fear that will come to an end if things keep going in the direction that they are. Isn't it more profitable to collect a rate higher than public water than to have individuals unable to keep up with the overload? I believe that the private water company is quite able to pay their income tax expenses and still be making a wonderful profit without putting that burden on us.

PLEASE DO NOT RAISE THE RATES!!!!

Thank you
