DOCKETED BY

Motion for Continuance of Open meeting decision of Commissioners

The above Intervenors hereby request a postponement of the Open Meeting date in which the Commissioners make their decision in this matter. We ask that this matter be continued until the scheduled open meeting on November 14, 2013. We feel this is justified because 80 percent or more of the affected customers are Winter residents and don't return to Yuma until November or even later. These people should be able to attend if they so desire and based on past hearings many will. Far West customers pay for service 12 months a year even though they may not occupy their residences 12 months a year and they deserve to have their opinion heard.

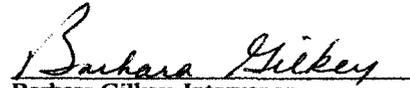

Intervenor Barbara Gilkey has health concerns at this time. She has had major eye surgery recently and is scheduled for another eye surgery in September.

We Intervenors want very much to attend the open meeting but will be unable to attend until after the first full week of November. We have invested significant time, energy and expense in this proceeding. Far West owners developed much of this area, and promoted RV subdivisions which led to a population which is not present year around. We feel they should be willing to accommodate these people since they had a major role in promoting the lifestyle.

RUCO has stated they have no objection. Because of holiday weekend and needing to get this in the mail, this is mailed before we have heard from Staff or the Company. We are hopeful there are

1 | no objections.
