Nature of Complaint:

Consumer states that there was a smart meter installed on his home 5 years ago. He did not know about the smart meter installation. He has since gone blind and his wife has developed cancer. He has requested that the analog meter be put back on his home. He does not feel that he should have to pay to have the standard meter re-installed at his home and he should not be charged a monthly fee to have a meter reader read the usage.

He is opposed to having to pay to have a standard meter installed at his home.
