Re: MCC Telephony of the West, LLC Revisions to Access
Services Tariff (Arizona C.C. Tariff No. 2)

Enclosed, on behalf of MCC Telephony of the West, LLC ("MCC Telephony"), please find an original and thirteen (13) copies of proposed tariff revisions to the Company's above-referenced telecommunications access services tariff. A copy of the template customer notice being issued in connection with this filing is appended as well.

The purpose of this filing is to maintain MCC Telephony's switched access rates at applicable benchmark levels as well as to make various "housekeeping" edits, including an update to the Company's issuing officer and address. Pursuant to Federal Communications Commission regulations, following approval of the proposed changes, MCC Telephony's intrastate terminating switched access rates will remain at parity with the Company's interstate terminating switched access rates.

The following pages are included with this filing:

Page(s)	Revision Level
1	3 rd Revised Page
50, 51	3 rd Revised Page

This tariff material is submitted with an issued date of October 21, 2013. Noting that the proposed changes directly align to the rates of the incumbent local exchange carrier and, moreover, the need to maintain parity between the Company's interstate terminating switched access rates and intrastate terminating switched access rates, MCC Telephony respectfully requests that the proposed revisions be approved to take effect as soon as administratively practicable.
