Docket No. E-01345A-13-0248

**SUBMITTAL OF A PETITION TO MAINTAIN NET METERING
SIGNED BY 19,559 ARIZONANS**

The Alliance for Solar Choice (TASC) submits the following list of 19,559 Arizona residents who have electronically signed on to the following petition, initiated and conducted via www.credoaction.com:

To: Arizona Corporation Commission

Rooftop solar delivers significant public benefits – jobs, energy bill savings, improved air quality, avoided energy costs, and the decreased use of precious water resources in our energy production. This valuable resource should be supported and encouraged in Arizona, one of the sunniest states in the country. I urge you to be a leader on this issue and reject Arizona Public Service's proposal to dismantle net metering and take away customer energy choice.

Respectfully submitted via overnight mail this 23rd day of September, 2013.
