Received the following -

I am definitely for the financing application. The community needs this temporary solution to the water hauling. Mr. Williamson should be commended for finding this solution. The cost would be part of the CC Cragin pipeline cost and we would have to pay for it sooner or later.

As to the rate increase, no one wants to pay more but that is life. However, I feel that it is too big of an increase, so perhaps a smaller increase should be allowed now and the Payson Water Co. can come back and ask for increases on a more regular basis. Thank you.
