Subject: I Stand for Fairness.

I am writing to encourage you to keep fairness top-of-mind when considering ways to promote solar in Arizona and changes to the current rooftop solar policies.

I want solar energy to grow and thrive in Arizona. I also want a reliable electricity grid ready to ensure reliable power around the clock. I believe rooftop solar customers should be paid a fair price for the power they generate, but I also want to be sure those who do not want or cannot have a solar rooftop system are protected from paying an unfairly high share for the costs of the grid.

It is important to look out for the interests of ALL customers when it comes to generating and providing electricity, whether through traditional means or through renewables such as solar. So please remember that as you consider changes to the current system.

Sincerely,

Mr. Henry Till
Retired
