Subject: Net metering

I have a comment about the solar proposal to change net metering. APS, the State and even the President say we need to develop alternative energy sources. Yet when a tiny portion of APS customers (less than 2%) begin to use an alternative source, they say they must change the price structure to continue to make a profit. Apparently, if APS is using the alternative energy source and can make money off that, then it's a good idea. Please don't let any incentive be taken away from people using their own solar panels.

Utilities' Response:

Investigator's Comments and Disposition:

Dear Mr. Peer,

Your recent email to the Arizona Corporation Commission was received and has been assigned to me for a response. I am a Consumer Analyst in the Utilities Division.

Your comments will be filed in Docket Control in the docket assigned to the APS Net Metering application. Copies will be provided to all Commissioners who will then have the opportunity to review your comments before making a decision in this matter. The Commissioners value comments from the public when making decisions regarding requests from the utilities.

ARIZONA CORPORATION COMMISSION
UTILITY COMPLAINT FORM

The utilities must be able to support their requests with information provided to the Commissioners and Commission staff. This information is thoroughly reviewed by staff and staff makes its own recommendation to the Commissioners. The Commissioners make their decision at a meeting which is open to the public. They can approve, modify or decline staff's recommendation; approve, modify or decline the company's request; approve, modify or decline a settlement agreement or decide on application with elements of all the above.

You can follow this case on the Commission's website at www.azcc.gov using the e-Docket function.

Sincerely,

Alfonso Amezcua

Nature of Complaint:

Dear Commissioners,

I am a voter and an APS customer. I am writing to urge you to protect net metering, docket #E-01345A-13-0248.

APS has proposed an aggressive tax on solar customers, either in the form of a radically reduced rate of payment for power sent back to the grid or a substantial charge to their monthly bill.

I support rooftop solar in our state as an important industry and a means for Arizonans to have a real energy choice. These proposed taxes will effectively end the residential solar industry in Arizona. Please vote to protect net metering in Arizona.

Sincerely,

Bonnie Snyder
