Comments: We have been owners of a small cabin in Mead Ranch since 1976. Back then Maynard Mead operated the entire water system. He had the well dug and hauled up the huge water tank. He performed all maintenance and charged a flat annual fee of around \$175, regardless of the amount of water used. We know that times have moved on, the water system is more reliable. Consequently we haven't minded paying the current high water fees. However, an out-of-hand increase of 125%, more than doubling the monthly minimum fee, is exorbitant. To be fair to the people you represent please deny this increase. Thanks for taking our views under consideration.

Comments:Increases of up to and well over 125% for "adequate" services are unreasonable and ridiculous.
