OPPOSE

I do not think that we (the people in Deer Creek) should pay for and water problems that other small communities may have. When Brooks Utilities had the water contract there was no problem with our water. I think that the PWC just wants more money out of us. Even in Payson, there water is not as much as what PWC wants to charge. Most of the people in Deer Creek and in the other small communities are on Social Security and we will not be able to afford the increase, so what will we do without water? As far as I am concerned this is just a rip off and if you pass this then you do not care about us of us or any retired person with a fix income. Just remember you will be in our spot some day.
