RE; Rule 103 for Class D Utilities

Dear Commissioners:

Beaver Dam Water Company has been operating with a CC&N for 25 years with annual operating revenues just above \$250,000. BDWC has had two rate cases in the last 6 years each time the Company has asked for waivers for a short form. Even though Waivers have been granted the cost of preparing for a hearing with Legal Counsel and Consultants have exceeded what Staff allows for our rate case expense by two times.

The cost of a mandatory rate case every three years for small utilizes like ours need to be reduced. Thank you for you consideration in this matter.

Sincerely,

Bob Frisby, Manager
Beaver Dam Water Company
