My name is John Adamczyk, I have a home in Whispering Pines. [REDACTED]. I was told that all property owners will see an increase of 130% on their water bill. This increase is to help pay for the water treatment plant for Mesa Dell. The people in Whispering Pines will not be using any of this water. So we won't benefit from this in anyway. So I ask you to really think about the reasons why you have to increase my water bill by 130%. I am on a fixed income and can not help pay for everyone's problems. I am sure you would not like it if I said your neighbors car was stolen , so now you must help pay for it. To me it does not make sense.

Please keep me informed.
