Subject: Support Staff's Rejection of the APS Attack on Rooftop Solar - Docket # E-01345A-13-0248

Oct 9, 2013

Mr. Bob Stump
AZ

Dear Mr. Stump,

I am writing as a constituent to ask for you to support your staff's recommendation to reject APS's proposed dismantling of net metering.

I am disappointed that APS pursued such aggressive changes with little concern for the enormous benefits rooftop solar grants ratepayers and the grid -- such as reduced expenditures on power plants and related infrastructure. I am happy that I have you, my elected Corporation Commissioners, to ensure that our state's energy system is guided in a direction that makes sense for Arizona and its ratepayers -- not just the utility's bottom line.

Please continue to make pragmatic decisions that do not undercut the growth of rooftop solar and Arizona's 10,000 direct solar jobs.

Furthermore, APS is a monopoly. Consumers have no other choice. The only hope we have is our elected Corporation Commissioners. I implore you to listen to those you serve.

Sincerely,

Connie Thompson
