

OPEN MEETING AGENDA ITEM

TO: Arizona Corporation Commission

FROM: Friends for Fairness

DATE: October 25, 2013

RE: Net Metering Costs to Non-Solar Customers (Docket No. E-01345A-13-0248)

ORIGINAL

Friends for Fairness respectfully ask that the attached support cards be submitted in the record regarding the net metering issue. If you have any questions or concerns please call (602) 499-3575.

Arizona Corporation Commission
DOCKETED

OCT 25 2013

DOCKETED BY	
-------------	---

RECEIVED
2013 OCT 25 P 2:01
AZ CORP COMMISSION
Docket Control

I call on the Arizona Corporation Commission to change the Net Metering policy to one that is fair for ALL customers.

Name: Sharon Reed

Address: 8637 S. 9th St

City: Phoenix

State: AZ

ZIP: 85042

E-mail: _____

Sponsored by Friends for Fairness

Phone (602) 499-3575

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don't want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today's net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.

SIGNATURE: _____

Phone (602) 499-3575

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don't want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today's net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don't want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today's net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.

Phone (602) 499-3575

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don't want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today's net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don't want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today's net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.

Phone (602) 499-3575

Dear Arizona Corporation Commission Chairman Bob Stump and Members of the Commission:

Arizona benefits from rooftop solar. However, under the current net metering rules, rooftop solar customers do not have to pay their fair share for the use of the electric grid. This forces residential customers like me, who cannot afford or don't want to install rooftop solar on their homes, to pay for them.

The cost-shift created through today's net metering policy is not fair. I call on you to change the net metering policy to one that is fair for ALL customers – and to act now before the problem gets worse.

SIGNATURE:

A handwritten signature in black ink, appearing to read "Bruce A. Stump". The signature is written in a cursive style and is positioned above a horizontal line.
