Re: Notice of Resource Planning Workshop – Tucson Electric Power Company and UNS Electric, Inc.'s 2014 Integrated Resource Plans
Docket No. E-00000V-13-0070

To Interested Parties:

Tucson Electric Power Company and UNS Electric, Inc. (collectively "Companies") hereby provide notice that they will be holding a Resource Planning Workshop on November 22, 2013 on their respective 2014 Integrated Resource Plans. The workshop will be held at the offices of Tucson Electric Power (88 E. Broadway, Tucson, AZ) from 9:00 a.m. to 3:00 p.m.

The purpose of the Integrated Resource Plans ("IRP") is to inform regulators, customer interest groups and other interested stakeholders on the assumptions used to develop the Companies long-term resource strategy. As a business planning function, the IRP provides the Companies with a strategic roadmap to ensure reliable, cost effective electric service while managing risk and future uncertainty for its customers.

This workshop is designed to share information and seek stakeholder input on the potential resource planning alternatives. The feedback from this workshop will be used to create a more comprehensive planning process, and provide the framework for input into future energy planning initiatives.

Some of the workshop topics may include:

- Resource Planning Overview
- Load Forecast
- Capacity Planning
- Transmission Planning
- Energy Efficiency and Demand Response
- Renewable Resources
- Resource Mix and Forecast Assumptions
- Environmental Planning
- Portfolio Strategy
