Dear AZ Corporation Commission,

As we all know out here in the public arena, your office is only for the support of APS as you have shown consistently in the past with them raking in thousands of dollars. You did not specifically state a glitch in the constitution which prevents the consumer's choice of electric companies.

It is unconstitutional, however for monopolies to exist in our "free" enterprise democracy. We all know that your office is one of corruption and not for the common good of the common people. You are a farce!

Sincerely,

Mrs. Wilson
