ment of Support for Net Metering Reform

I/we, a member of EAST VALLEY TEA PARTY, support the resolution of the Executive Guidance Committee (EGC) of the Maricopa County Republican Committee in opposition to the states current net metering policy. Pursuant Docket Number E-01345A-13-0248, I/we strongly encourage the Arizona Corporation Commission to adopt a new rate structure for residential customers that would fairly apportion electrical grid maintenance costs to all customers and end the current unfair cost shift to non-solar customers. I/we encourage the Arizona Corporation Commission to act as soon as possible.
