(E-01345A-13-0248)

From: Mike Moe [mailto:████████████████████]  
Sent: Monday, November 11, 2013 4:28 PM  
To: Hearings Division  
Subject: rates for solar

**ORIGINAL**

Hey I don not think that APS is being totaly up front with their story. They are paying solar customers what they are charging them for their electricity, however they are selling the solar engery provided as green energy at a premium to other customers. Ask them how they explain this. Michael Moe ██████████
