RE: Automatic SMART METER Installation
Docket No. E-00000C-11-0328

Commissioners:

We are concerned about the installation and use of SMART METERS in the State of Arizona. From what we have read and learned they can be extremely damaging to one's health and neighborhood.

We are notifying you that we have requested APS not to have a SMART METER installed at our house. We want to continue the monitoring of our electrical use with a ANALOG METER. We have also verbally notified a customer service representative at the 800 number to make note of this on our account.

We appreciate your cooperation into looking into this matter and determining the safety to all residents of the state.

Sincerely,

Arizona Corporation Commission
