RE: Net Metering Costs to Non-Solar Customer (Docket No. E--1345A-13-0248)

As a voter of Arizona, please consider this my vote against net metering in Arizona. This system is unfair to those of us that cannot afford or choose not to install solar panels on their homes.

There should be a system of fairness. I'm not asking that they pay for the energy they produce on their own, but they should have to pay for the wires and polls that they use regardless.

Thank you in advance for taking action to change the current policy and implementing policy that is fair to all energy users.

My best wishes,
Joe Kostes
