Nature of Complaint:

Docket No. E-01345A-13-0248

Hello my name is Fred Pearse,

With growing population and aging nuclear power plants closing such as the San Onofre plant in Southern California rooftop solar is an excellent way to produce electric power. Roof top solar should be encouraged not taxed More. As a PV solar electric producer I already pay taxes called green energy charges and delivery charges. I am also aware that well managed power companies made record profits last year.

Please reject rooftop solar taxes. Thanks Fred Pearse
