Dear Commissioners,

I am concerned about the implications of the docket listed in the subject line. Given the high amount of solar radiation that Arizona receives, solar PV panels have the potential to generate more electricity than in many other locations. It is important for this natural resource to benefit all Arizonans, not just large utility companies. Private solar benefits small business as well as many private citizens. Please protect that benefit.

Thank you,

Dominique Bain

Docket Nos.: E-01933A-13-0248

Subject: Support Solar Power in AZ

Please do the right thing, referencing docket number E-01345A-13-0248. We should be doing everything in our power as human's to cut down our carbon foot prints and use of fossil fuels. Its our responsibility to think of the future. There is no reason AZ should not be leading the way in the Solar Industry.

Thanks

Jason
